OSPF is a routing protocol that determines the best path for routing IP traffic over a TCP/IP network. It uses less router-to-router update traffic than the RIP protocol that it has been designed to replace.

OSPF est un protocole de routage qui détermine la meilleure route pour acheminer le trafic IP sur un réseau TCP-IP. Sa table de routage nécessite moins de mise à jour que le protocole RIP. Il remplace donc ce protocole.

Ms. Monica Eisenman
555 King Street
Auckland
New Zealand
Dear Ms. Eisenman:

I am [(A) **pleased** / (B) pleasing / (C) pleasant / (D) pleasure] to confirm our offer of part-time employment at Western Enterprises. In your role as research assistant, you will report to Dr. Emma Walton, who will keep you informed of your specific duties and projects.

Because you will be working with confidential information, you will be expected to [(A) **follow** / (B) advise / (C) imagine / (D) require] the enclosed employee code-of-ethics agreement.

As we discussed, you will be paid twice a month,
[(A) accords / (B) according / (C) **according to** / (D) accordance with]
the company's normal payroll schedule.

As an hourly employee working fewer than twenty hours per week,
you will not be [(A) tolerable / (B) liberal / (C) **eligible** / (D) expressed]
to receive paid holidays, paid time off for illness or vacation,
or other employee benefits.
Your employment status will be reviewed in six months.

If you have any questions, please feel free to contact me.
Otherwise, please sign and return one copy of this letter.
You may keep the second copy for your files. We look forward to working with you.
Sincerely,
Christopher Webster
